I have a Vectrex and would like a second controller for it. So far I have been unable to find one at any local stores. I would appreciate any info on where to get one. I would also be interested in any games I don't already have. (I HAVE: Startrek, Starhawk, Scramble, Solar Quest, Cosmic Chasm, Armor Attack, Clean Sweep, Beserk, the road-race game, and the soccer game).

Thanks,
