Volume 6 of Genshiken is probably my favorite volume of manga ever. I think I've re-read it more than any other, so coming back to it for "Return to Genshiken" is almost like visiting an old friend...

Then follows a long post with plenty of spoilers.

Followups set to raam and to ram.

People may wonder why I post this about a manga to an anime group. Easy to answer I want to promote the Genshiken manga as much as I can. The anime is good too but the manga is canonical. As a matter of fact I watched the anime, bought the manga and the anime. 20 volumes of manga and 11 DVDs or maybe 10 and a Bluray plus the Ultimate Genshiken Fan book. Oh and the Madarame light fiction "Return of the Otaku".

Just trying to share the Joy!
