It's back! "Mob Psycho 100 S2" has arrived with a bang, lots of laughs, and a bit of poignancy. All of the crew showed up – Mob still looking for some self-development, Reigen still looking for a quick buck, Dimple still looking for a chance to con Mob into a mistake, and everyone else trying to figure out just what is going on around them.

The first episode started out with Reigen and Mob taking on a spirit at a hobby farm. Mob has no problem with the spirit and learns a new way to channel his powers. More significantly for the future Reigen gives Mob some broccoli seeds. Then the story turns to Mob's further misadventures at school and eventually a very small step that Mob takes towards learning how to express his feelings.

All-in-all it was a fun episode after two and a half years of waiting. This show will make this season exciting no matter what happens with the rest of the series that I intend to try out. My initial rating is A.
