I'm sure thinking of you. We've never met, but you're always so nice on
here and I think I've bought some things from you.

I'm hoping for good news.

I'd be in the market for a 1040 or a Mega around now except that myLinux
desktop had a motherboard issue and I went a little wild on the upgrade/
replacement. I'm planning to get pricing from you when I'm back in that
market.
