I just wanted to post here, so many decades later. I'm posting while watching prequels made after this thread, in preparation for Episode 9 in a few weeks.

It's pretty rad that, as much as people bitch about what is or isn't Star Wars, it's still in the conversation. From the earlyish and relatively primitive message boards of whatever the fuck this is, to hot modern garbage like Reddit, it's God damn motherfucking star wars.

De wanna wanga?
