Happy New Year, C= and Ami comrades!

The next meeting of the Southern California Commodore & Amiga Network is Saturday, Jan. 11, from 2 to 5+ p.m. at

Panera Bread Restaurant
19662 Nordhoff Street
Northridge, California
(818) 407-9400

In this meeting we'll have time to examine the Bogdan Macri Ultimate 64 with its Kickstarter case and Mechboard64 which has Cherry Blue mechanical microswitches! Mario will bring his newly-acquired Amiga 2000, and we'll dig into its hard drive for any application goodies.

In software we'll look at the newly-updated Super Mario 64 (now at v1.2), among other items. Also we'll try out the hit of the Downtown Los Angeles Maker Faire - the C64 VR glasses with Street Defender v1.6... now with Atari Driving Controller! :)

We may have a special guest -- Amiga hardware repairman Paul "Acill" Resendes! You can ask him repairs or about his Amiga hardware projects.

Feel free to bring any other hardware/software that you wish to show off!

Truly,
Robert Bernardo
