Subject: [Homestead] Free Commodore Stuff

I have a large assortment of Commodore Stuff in decent condition to give away.

Lots and lots of 5 1/4"disk. A lot have never been used. A vast majority have a lot of programs on them including ham radio programs, user groups disks, Compute Gazette, Commodore Run, educational, just about everything.

Also have a Vic 20 modem model 1600.

I used to be in a local user group and as members left for other computers or passed away they handed it down to me. I'm now moving and this is more than I can take with me.

So is anybody interested because I would hate to take it all to the landfill.

It's all free, I'm just asking maybe a little money to help pay for shipping. I would think bulk shipping would be the cheapest and easiest option for sending it out. About \$7.75 a box I believe.

I also have some Commodore 64 computers., magazines, etc.

Are there any takers out there? I just don't have the time to sell it on eBay.

Thanks,

Richard Milam

Hello, I would be interested in 5 1/4 disks plus the Magazines Gazette & Run. Which hardware is available?

Sorta need a list of some sort to be able figure out the size and etc. for shipping.

What city are you in or near? For local pickup.

Thanks for posting!
