Obviously they learnt absolutely nothing from their ridiculous overkill idea of a new movie every year. :-(

No real details yet (and some may well get dropped), but ...

Disney unveiled a blitz of new "Star Wars" projects, including 10 television shows - two of which will be "Mandalorian" spinoffs, another that will follow C-3PO and R2-D2 - and a new theatrical film, "Rogue Squadron," directed by Patty Jenkins ("Wonder Woman"). Ms. Jenkins will be the first female filmmaker in the 43-year history of the "Star Wars" movie franchise.
