We've seen TheC64 Mini and TheC64 Maxi at our user group meetings.
Now TheA500 Mini is announced! See

I think you will have better luck at the
following URL.
< https://www.techspot.com/news/90731-mini-version-legendary-a miga-500-way.html>

Not a real Amiga though ... just another emulator in a fancy box, just
like those two C64 emulators. :-(
