If you think Jerry's typing etc is bad, you should get a letter from Ray Bradbury someday!

Think about it -- if you are ripping out one-shot code, do you always use the best coding techniques you possibly can? These folks get PAID for good writing, and it's only reasonable that they would not take great care with unpaid quick notes!

--

What is the sound of one hand, clapping?

Toop, toop, toop.

Charlie Martin
