I won this one my own before I got the book.

Go to the eighth level of the dungeon on the large island east of the mainland
for Mark of Snake. Force should also be down here. If not go
to the west on of level 8 in the dungeon surrounded by lava
in the dark mountain area at the south end of the island (the same
dungeon with the Time Lord).

from castle go west 7 and south 34 . Wait till moons are at
(0) (0). A town will show up near you. Step onto it and enter.
if yo miss it then wait for (0) (0) again.

The cards are under the Shrines. and at each shrine.
I think the command is search. The cards are under each shrine.

Yes, when you get all the cards EZOCANE.

Make sure you have Exotics before entering. Also, have one person with
a bow. You will see why.... (ha! ha! ha!)

Note to winning: Be ready to DIE! The place is very hard to win. Use
COPYA and backup your player disk so you can save your characters.
