So...what's the best place? Thanks in advance for answering my question.

Well, certainly start with putting them up here. Alas, it's starting to look like Web Site Number Nine might not be back anytime soon. With a bit of luck there may be a useful alternative soon, though.

Here would be a decent start (so long as GOOGLE retains emails) because you can search old posts quite a ways back. Just don't post as an attachment or GOOGLE will junk it.

Otherwise there is no pain in looking around the net for fellow MST'ies and failing that, good MST3K-style humor is welcome in some generic fanfic websites too.

Oh, yes, I just want to let you know I've received it on my usenet server here. I haven't had time to *read* it yet, since there always seems to be more to do than I have time for, but I'm glad to see the fine tradition of MiSTings carried on.

Ah, good. I hope you enjoy it, and please critique it. (I know the
host segments are the poorest part of it, definitely...it's what I get
for not bothering to outline them beforehand...I'll be doing that from
now on, you can believe me on that.)
