But wait...the daughter, mother and kitchen all played the same roles in A DATE WITH YOUR FAMILY!

I guess this is the sort of thing that would perpetuate civilization, in the event of Global Thermonuclear War, or, of course, THE ROBOT HOLOCAUST!

Thanks! D'you suppose that the "cokes" are actually Cokes, or are they using it in the strange, generic way?

Harvard ... are you sure that anyone looking for pale stale ale, in Yale, wants to go to Harvard? With the Law Review? I respectfully request you send those ... students ... to Delta Tau Chi.

Maybe the JOHN PHILLIP LAW REVIEW! Hey, has anyone done that as an off-Broadway show?

Or the SOUTHERN SUN! Anywhere, as long as there are RAILINGS!
Although, combining beer, ale, and railings might not be a good idea.... Challenge: Remake Space Mutiny by redubbing its dialogue on selected clips from Animal House. IT JUST MIGHT WORK! With the final revelatory scene panning in on a wild-eyed JOHN BELUSHI, as Kalgan!

I don't think so, but if it was, the musical score would be a selection of works by John Philip Sousa.

Well, it really depends on how "secret" "Secret Probation" is. You see, if you're on Secret Probation, it's know by the entire Joint Select Committee on Intelligence.

I want to know who told Justice Scalia about that probation type.

Stephen Ratliff

who notes that the only real qualification for a Supreme Court Justice is that the Senate is willing to confirm them.

Promotional pictures are for example only. Your Maltese item may not look
exactly like those pictured. Only available in alabaster, white, blanco,
snow, ivory, and bleached. Currently sold out of all avian objects. Your
order may be substituted with another item of our choice. Batteries not
included. Void where prohibited by law. Residents of ND must add a 3.14%

Souvenir Maltese Mugs are for display only. Do not drink out of your Maltese Mug. Drinking milk out of a Maltese Mug may cause severe gastro-intestinal distress. In rare cases, three out of two, milk poured out of Maltese Mugs has caused chemical burns. Do not inhale the vapors from your malted milk filled Maltese Mug. Vapors have been known to vaporize synthetic cloth. Do not pour cola in your Maltese Mug, as it has resulted in orbital misplacement.

I almost suffered orbital misplacement when I saw the poor cola! If I had a drinkworthy Maltese Mug, you can bet that I'd only consume AVERAGE-OR-ABOVE-AVERAGE COLAS out of it. Or Dr Pepper ;-)

I'm sorry to say but you will not be getting an AVERAGE-OR-ABOVE-AVERAGE
COLA this year ... or even next year. The Social Security Administration
beleives that we are currently living under low inflationary to
deflationary presures.

Well, I'm thinking that would clash with the *baby*... BUT YOU'RE IN
LUCK! Because Merlin Olsen likes the cut of your jib, we're offering
you, at no additional charge, an upgrade to _Hulk Baby_ (for the
HBIAGAYBB)!

Wait a couple of years, and you can have some Route 66 Root Beer!

sorry, but that _Hulk Baby_ clashes with the basket. To say nothing about the baby's breath ... flowers, not ... oh not the Immitation Crystal Vase from Lisbon.

Nothing went wrong. I assure you that everything is and has been perfectly under control. The scene of distruction, including the remains of the Taubman Museum of Art is entirely from stock footage. Nothing could have possibly went wrong. It's not like a hoard of Vikings have just arrived or anything like that.

Stephen Ratliff

Nothing to see here. Move along, move along.

HULK BABY is the key to beating today's high machine-vended prices!
When HULK BABY sees an item he/she/it wants, he/she/it SMASHES that vending machine, and frequently the item, too!

HULK BABY explains the rising price of items in the vending machin.

HULK BABY needs changing frequently, like politicians, for the same reasons.

The Vikings were most upseat with what was in my wallet. I had to share. Fortunately they chipped in to buy more. I already had enough SPAM in stock.

Stephen Ratliff
who notes that Root Beer is like the Federation.

But does it beat stock in SPAM? Hmmmm....

Ah yes, that was the key to the whole thing, wasn't it? If it weren't
for that, *she* might have had a bit more "tribble" with HULK BABY.
But maybe I'm saying too much....

As SPAM is made by Hormel, I can say that as of shortly before this posting, one share of HRL is \$28.17

*HRH Marrison Amber Flores Picard, Princess of Halifax, sweeps in from the wings.

"There are no tribbles at all. Alexander's maternal grandfather participated in the Great Tribble Hunt, and had the honor of killing the last Tribble. As for HULK BABY, I hired him for security on my ship."
