Ooh. But, my, thank you for posting it. I'm heartened to see  
the great art of MiSTing not fully gone yet. (I have a big project I  
intend to have done before the end of the year, but then, I have a lot  
of projects I mean to have done before the end of the year. It's going  
to be a weird one, though.)

As I say, I appreciate it. What's the GAFF?

I don't remember seeing any Rifftrax Crew MiSTings, or for  
that matter Cinematic Titanic Crew MiSTings, although that may have  
just been something that slipped through the formatting.

I'm impressed that it's something big enough to get a TV Tropes entry, although I don't actually know what the standard for that is.

If I don't reply to this Joseph Nebus post, the terrorists win.

God Awful Fan Fiction. Originally a place to post reviews of horrible fanfics, it eventually got usurped by the much livelier forums (think 4chan with actual standards of behavior). A few years ago, the site's owner decided to close up shop. A couple of attempts to continue the spirit of GAFF have taken place (the most notorious being The House of Bad Fanfiction, which dissolved in a cloud of wank). Why, God, Why is the current spiritual successor.

There isn't one. "There is no such thing as notability" is the site motto. The only real standard for putting up works pages is one of formatting and basic content (a two sentence description with no trope examples will be a magnet for Cut List requests).

Glad you enjoyed!
