There was a bit last night on the Daily Show, about Daily Show routines being (unfunny) recounted on the Senate floor, that I found funny at a level I've hardly seen since MST3K (a.k.a Mystery Science Theater 3000). If you also enjoyed it (for now, it's at < [http://www.thedailyshow.com/watch/thu-march-1-2012/pill-bill --- volume-1---barbara-boxer-s-daily-show-reenactment](http://www.thedailyshow.com/watch/thu-march-1-2012/pill-bill---volume-1---barbara-boxer-s-daily-show-reenactment)>, or <<http://preview.tinyurl.com/7zeyx4m>>, but haven't ever tried MST3K (and, somehow you're reading this message!), then I recommend you go out and try to see all the MST3K episodes you can!

P.S. If you read this after the Robot Holocaust, congratulations on surviving! ;-)
