I'm not precisely sure where it comes from, but at least under iTunes, under the Comedy stream, there's the Abacus.fm Goon Show stream, which seems to be just as it claims: random episodes of the show. Grand stuff. Leaves me feeling much less able to be funny than I otherwise would.

You haven't much time left to persuade him since he's scheduled to marry me at the end of June!

Oh drat!

But how cool! Congrats to you both! And welcome to the dwindling
ratmm. It's your fiance who keeps this once-proud group still going.

Waaugh. Nice. Thanks for the heads-up.

How many spots on the Ref Bingo Card does The Goon Show occupy, anyway?
