I haven't actually read the article yet, but I'm guessing there's room to disagree about their essentiality.

If I don't reply to this Joseph Nebus post, the terrorists win.

Before I clicked, I sketched out what I'd consider my top 10 essential. Not my faves, mind you, just the essential MST3K eps.

Only two of my choices - Mitchell and Soutaker - made the list, with two more (Final Justice and Puma Man) getting "Honorable Mention".

For the record, my other six were: Manos, The Final Sacrifice, Sidehackers, Diabolik, Revenge Of The Creature and Samson Vs. The Vampire Women.

I'm a Joel guy, and only three of my ten are Joel eps. Hmm...

Whoops: Missed Sidehackers on the list.
