Me and brother play this game for the sole purpose of annihilation. Playing five minute periods, we accumulated 453 minutes with 24 fights. We select the Wales All-stars so we have the best players in the game and play scrubb teams to maim and destroy. In a game that went into overtime period we amassed a staggering 639 minutes (including 215 minutes in the five minute overtime period). In four periods of thug hockey we got into 35 fights.
