Why don't you grow up. And try to curb your foul language.

From inside the Tesseract of

| Everyone looked up and realized that we were only tenants of this world; |
| We have been given a new lease, and a warning, from the landlord. |

welcome to the club, i also recieved such a foul mouthed missive from mrc; i was advised by people that i work with that know him that he is a child and best ignored. I was also told that when he left his last job to come out here, his old boss called his new one to thank him, i don't know if that is true but after one email from him i believe it. As my wife says consider the source and ignore him.
