Hello,

I tried to send netmail to archive-request with 5 requesting files. last week. After 3 days, I received one of requested files but other didnt arrived and had bounced because WISCVM.WISCV.EDU lost link from SIMTEL20 and farther nodes. I tried send news to Info-CPM and get returned mail and gave me error: Undeliverable to , Unable connect to that over 3 days. I dont believe that! I tried to send via UUCP to simtel20.arpa but I didnt receive any mail in several days. WISCVM cut off servers that cause bounced big files/mails. Please contact to WISCVM.WISC.EDU!

Thanx,

Tim.

Don't send mail to info-CPM for archives! Send it to:

ARCHIVE-REQUEST@SIMTEL20.ARPA

I don't think Info CP/M is even related to the archives.
