Are there any processor upgrades available for a dual 1.25 GHz Mirror
Drive Door G4 (Model Identifier: PowerMac3,6)?

Michael McMurtrey
Carrollton, TX

Sonnet made dual CPU upgrades. I have a 1.8GHz dual 7447A in my MDD, which Sonnet sold as the Encore/MDX. It is compatible with OS 9 and 10.3.5+.

There are doubtlessly others.

Great responses. I often wondered myself what possibilities are available.
