The time has come to sell my Atari 8-bit collection. I have a lot of hardware and software for sale. Local pickup is preferred (Washington D.C. or Baltimore Maryland), but I can also ship for a fee. I have at least the following (more to come when I take a detailed inventory):

130XE
800XL
65XE
XE game system
400
800
joysticks
trackballs
cartridges
disks

Please let me know if you are interested and I can post a detailed inventory. Thanks.
