Welcome to the comp.sys.atari.8bit newsgroup!

Discussion about 8 bit Atari micros.

Welcome to the Usenet newsgroup for discussion about the Atari 8-bit family of computers! These include the Atari 400, 800, 1200XL, 600XL, 800XL, 65XE, 130XE, and 800XE personal/home computers, and the Atari XE System console.

The 400/800/1200XL/600XL/800XL computers were marketed from 1979-1984 by Atari, Inc., of Sunnyvale, California, USA, while Atari was a subsidiary of Warner Communications Inc. (WCI), the media and entertainment conglomerate.

The 800XL/65XE/130XE/800XE computers and XE System console were marketed from 1984-1992 by Atari, Corp./Atari Corporation, also based in Sunnyvale, California, USA.

Today, remaining intellectual property rights associated with the Atari 8-bit family of computers are owned by Atari Interactive, Inc., a subsidiary of Atari S.A. of Paris, France. <http://www.atari.com/>

ABOUT THIS DOCUMENT

Kept by Michael Current, michael@mcurrent.name

The latest version of this document is posted to these Usenet newsgroups every 23 days: comp.sys.atari.8bit, comp.answers, news.answers
