On April 29th we are hosting a big showcase of "preservationists" for Museum Preservation Week. Similar to the [Pacific Commodore Expo] we're planning.... later this year, this would be an opportunity for the Commodore clubs to bring their stuff to show off to museum archivists, collectors, and librarians for our in-house conference. We haven't quite figured out time of day (sometime between 10am and 5pm), but wanted to gauge interest. Thoughts?

-Matisse
