'Spy Hunter'

[PS2 / XBOX / GCN / GBA][USA] [MAGAZINE] [2002]

GamePro, May 2002 (#164)

via personal collection

Midway attempts to breathe new life into the classic arcade staple, retooling it as a third-person-shooter-slash-driving game, with lots of edge and explosions! How much edge? Well, they got Saliva to cover the main theme... because this was 2002 and the kids liked Saliva... for about, I dunno, nine months maybe?
