Here's a list of DVD releases of MST3K episodes that was made for an amazon review of the XXXIX box set:

<https://www.amazon.com/product-reviews/B074JRWWW5>

I printed this list onto 8 pages and is easier to consult than the advertising-crippled mst3k.wikia.com website. I can just add that the Amazing Colossal Man episode has come out on a Rhino VHS, just not on DVD.
