There may not be a Downtown Los Angeles Maker Faire this year, but there is... (drum roll) the City of STEM Science Festival! The STEM (Science, Technology, Engineering, Math) Festival is happening from 10 a.m. to 5 p.m. on Saturday, April 4, at the Columbia Memorial Space Center in Downey, California (Los Angeles area). And the Southern California Commodore & Amiga Network will have a hands-on exhibit table showcasing classic Commodore and Amiga computers!

Come join the fun! For more information, see

<https://cityofstem.org/april4>

Sincerely,

Robert Bernardo
