The Commodore Los Angeles Super Show 2022 is on! I have spoken with the reservations person at the Burbank VFW, and we have the last weekend of the month – June 25-26 with set-up on June 24 (if there is no other activity taking the hall on that Friday).

This time CLASS is devoted to music and to the 40th anniversary of the Commodore 64! So far, this is the tentative list of presentations –

Commodore 64 music lab – Jerold Kress

Amiga music – Marc Rifkin

C64 Giga-CAD objects converted to Blender – Roger Van Pelt

The above list will grow. If you have any more ideas on music presentations or other Commodore 8-bit/Amiga presentations, feel free to add to the list..

The CLASS website at <http://www.portcommodore.com/class> has been updated. Watch for changes coming to it, and you can find CLASS discussion at
