hey everyone,

i don't know if aaron got the answer to his question but it reminds me of something i have wanted to do for a long time. one of the things sorely needed on any sort of turbo grafx/pc engine resource is a list of credits. i'd love to know who work on what games. a long time ago, i kept a list of who worked on what game which i added to as i went along. for example, i am convinced that prince eric from beyond shadowgate and lycos from shapeshifter are the same guy. can anyone confirm this? does anyone know of a list of credits anywhere? happy holidays, george
