Hello again posters and lurkers,

Due to my unrelenting quest I got to read this since 9 A.M.  
Google is ever your friend.

I will only say that Madarame is bereft of Hato for a while.  
Well read it and you will know how he feels after Sasahara's  
sister's attack.  
Yajima is a better writer and Hato is a better artist.  
All masterfully portrayed by sensei Kio Shimoko.  
If you haven't kept up with Spotted Flower you won't appreciate the  
latest  
Genshiken chapter as much.

bliss
