For those in New Zealand who subscribe to Sky TV's optional Movie packages, there's a new pop-up channel coming soon ...

Sky Movies Star Wars Pop-up
Sky TV channel 35
The entire Saga - starts 6 December

The advert show clips from just the live-action movies (Episodes I to VI), so it doesn't look like the animated shows are included. That would be the six movies on continuous loop for however long the channel is "popped up" for, presumably until the new movie is released in cinemas.
